

VULCANS

SEMAPHORE

Vulcans came together in 2010 in Mechanicsburg, Pennsylvania. Band members John Thomas, Nick Lindsay and Aaron Spangler were quickly drawn to the power and stripped down honesty of folk music that they felt was missing from many modern releases. Americana and folk artists Vulcans bring lush three-part harmonies, compelling instrumentation, and engaging arrangements to their songs. Winners of numerous awards, contests and distinctions, Vulcans has earned acclaim from critics and audiences alike. "Semaphore," their new EP, will be released May 6, 2014.
